

Citizen Legislation

A Citizen Initiative Campaign to Save Our Country

Americans Agree:

69%

Seriously Offtrack

Americans say our country has lost its way

61%

Consequences Are Dire

Continued inaction is not an option

61%

Need Effective Response

Government must act to course correct

84%

Government is Broken and Corrupt

Nobody believes that effective response is coming

So what's the alternative to the status quo?

THE PLAN

A Citizen Initiative Campaign

An Agenda

The change we need

A Strategy

How we make that change happen

4 Steps

WE Write It

Citizens draft legislation to end the affordability, deficit & corruption crises using policies with **71%/78%/83%** Republican/Independent/Democrat support, and do not address divisive social issues

WE Persuade Americans to Support It

The legislation is the change we need and how we go about enacting it has far better chance versus status quo

WE Evidence that Support

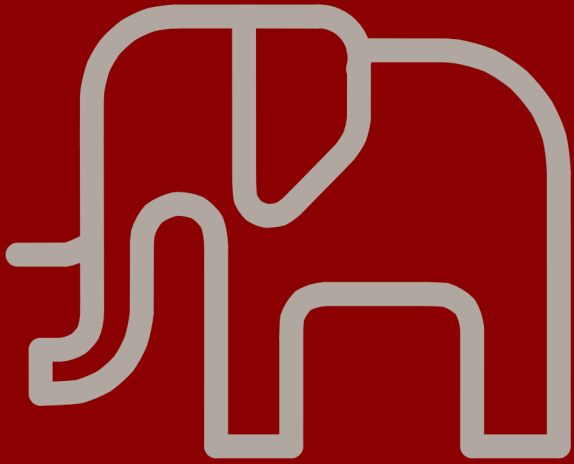

Citizen Legislation becomes the leading contender in Republican AND Democratic polls (Supporters tell pollsters their preferred candidate is **Citizen Legislation**)

WE Pressure Enactment

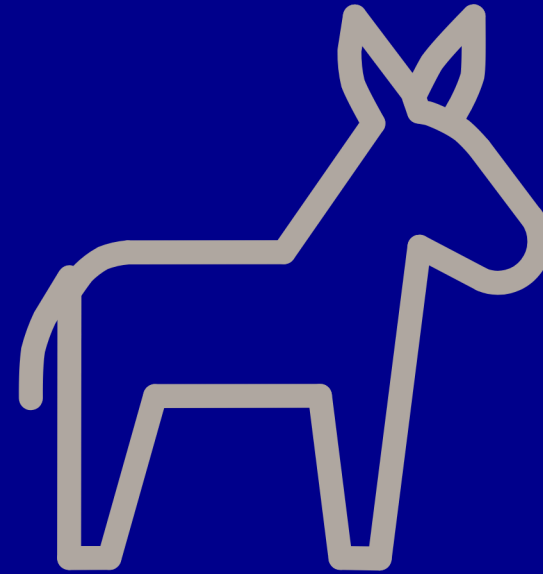

Supporters agree to vote *only* for politicians who commit to introduce and enact the legislation

Imagine

Citizen Legislation — 72%

- JD Vance — 5%
- Marco Rubio — 4%
- Thomas Massie — 2%

Citizen Legislation — 83%

- Gavin Newsom — 6%
- Pete Buttigieg — 5%
- Bernie Sanders — 4%

This is the power of citizens united across party lines. Join us at citleg.org

Two Principles.

Focus Where We Agree

No divisive social issues
— only common ground

Move the Needle

\$49,598 affordability improvement per capita
— average family of four sees a roughly
\$200K affordability improvement over ten years following enactment

Three Goals.

End the Affordability Crisis

End the Deficit Crisis

End the Corruption Crisis

End the Affordability Crisis

Save Social Security

How We Fund It

50% — Wealthy Pay More In

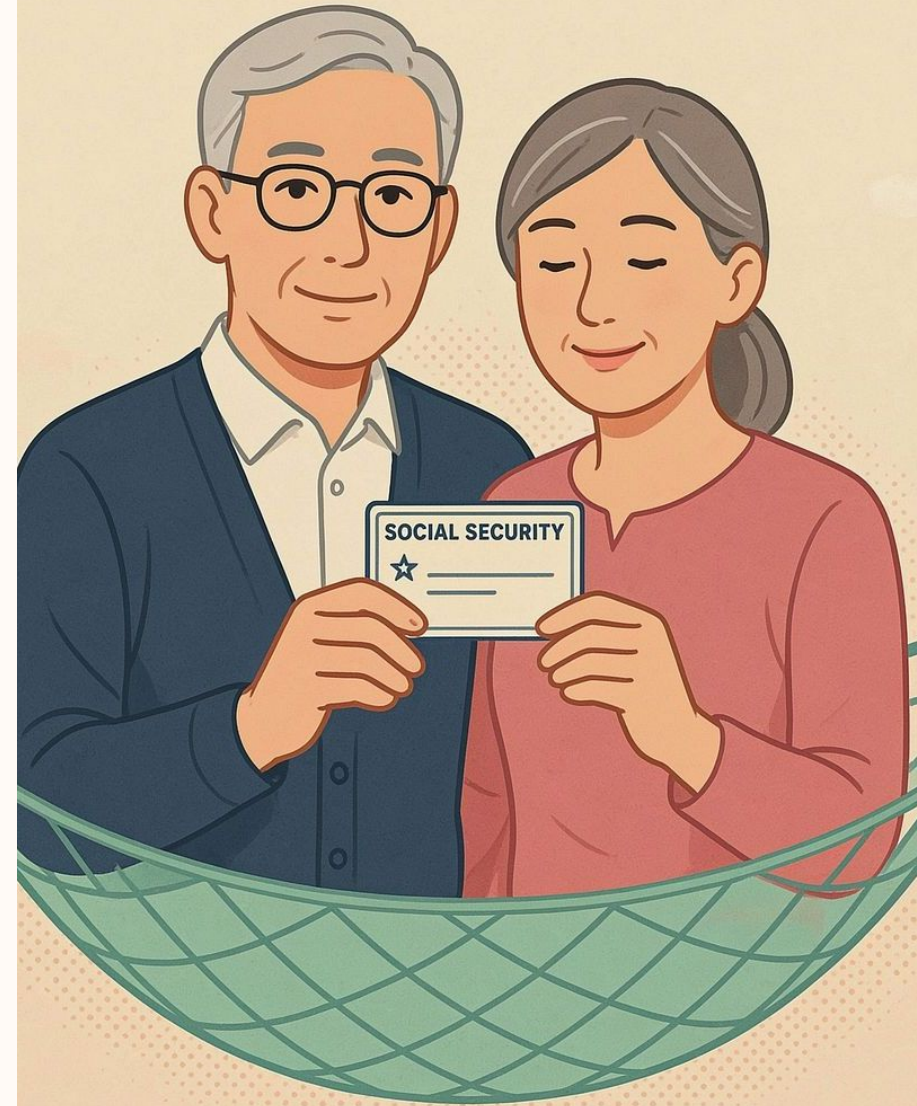

2.0% tax on income above \$1 million

50% — Wealthy Take Less Out

Reduce benefit growth rate for wealthiest 30% of beneficiaries (income >\$80k)

Impact

- **No benefit cuts** — 23% reduction currently planned starting 2032 is avoided
- Solvency extended through **2045**

Address Climate Change

Overview

- Climate change is real and immediate action required but acknowledge legitimate objections to prior climate plans such as Green New Deal
- Carbon tax offset by **carbon dividends**: \$150/adult + \$75/child paid monthly
- Major investment in electrical grid rebuild, agriculture protection and more
- Coordinated global strategy — strong incentives for China and India to join, significant tariff penalties if they do not

Impact

- **45% reduction** in U.S. emissions
- 21% reduction in global emissions
- Bottom 93% see no net price increase (i.e. carbon dividends > carbon tax)
- A meaningful first step to protect our children's environmental futures

Relief to State & Local Governments

Overview

State and local governments pay **\$1.34 trillion less** for healthcare under Citizen Legislation — freeing up critical funds for public obligations.

Impact

Pension Shortfalls Fully Funded

26 million teachers, police, and firefighters protected

Credit Rating Upgrades

Stronger fiscal position for cities and states nationwide

End of the Affordability Crisis

10-Year Savings by Household Type

Household	Key Benefits	Total Savings	Per Person
Family of 4, \$60k income, Employer Coverage	Tax cut + Healthcare + Childcare	\$221,025	\$55,256
Single, \$40k income, ACA Coverage	Healthcare savings	\$18,250	\$18,250
Senior, \$25k income, Medicare Coverage	Healthcare + Eldercare + Social Security protection	\$80,730	\$80,730
Low-Income Family, \$20k income, Medicaid	Tax cut + Climate dividends + Childcare	\$175,720	\$43,930

 **Average Impact: \$49,598 per capita** — average family of four sees roughly \$200,000 in affordability improvement over ten years following enactment.

End the Deficit Crisis

Overview

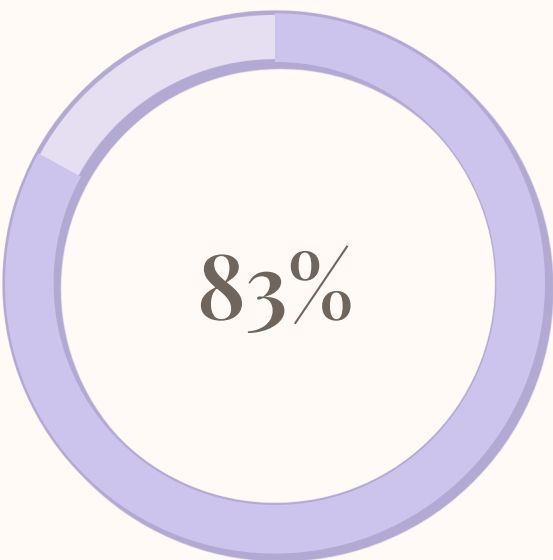

- Immediate initial deficit reduction upon enactment
- Legislation triggers a **Blue Ribbon Commission** to review defense, DHS/ICE, and more
- Structured like Base Closure Commission — politically protected, Congress must vote, all proceeds to deficit reduction

Impact (Initial + Blue Ribbon Commission)

Near-Term

Reduction in near-term deficit

Long-Term

Reduction in long-term deficit

End the Corruption Crisis

Reforms

- Enforceable code of ethics (e.g. no insider stock trading)
- Reduce big money influence in politics
- End lobbying as we know it
- End gerrymandering
- Reform military procurement
- And more

Impact

Restored Trust

Improved confidence in public institutions

Aligned Incentives

Political interests aligned with national — not special — interests

Budget Discipline

Structural accountability baked into the system

The Bottom Line

Citizen Legislation Will:

End the Affordability Crisis

\$49,854/person on average

End the Deficit Crisis

45% near-term, 83% long-term reduction

End the Corruption Crisis

Accountability, transparency, and restored trust
